Chairperson's Report

It is my great pleaseure to present the 5th Annual Report of Cricket Southern Bayside.

The 2020/21 season was truly a season like no other. In my report last year I noted the unprecedented challenges of matches lost to heat, rain and air quality only to have that upped this year by a global pandemic. When the season started in mid November we had no way of knowing what was ahead of us. Would we complete the season?, How would we protect our members?, Would we have enough players? Where would the money come from? These were just a few of the many questions confronting us.

Lock downs, QR Codes and Hand Sanitizer became the norm. Communal Tea breaks were no more. No sharing of drink bottles, shining the ball or handing caps to umpires. One Day cricket was our staple and no celebrating of wickets.

But as sport often does, the CSB family rose to the challenge with a true spirit of cooperation from everyone at all levels of the game. With this spirit we managed to not only complete the season, but did so in a way that I believe demonstrated the very values that gave birth to CSB only 5 short years ago.

Our volunteers were enormous as we added COVID Police to their already bloated portfolio's. Players had to adapt to new formats. Spectators had to socially distance. Parents couldn't car pool in the morning. Yet we all came together to deliver the best sporting activity on the planet, Cricket.

And for all of that can I sincerley thank all of the following without whom the game simply could not exist;

- Club Volunteers and Committees
- Players and Coaches
- Umpires and Officials
- Supporters and Parents
- Sponsors
- Local Governments

Off the field the CSB Board and Management were forced to quickly restructure operations after being informed by Cricket Victoria that our operational support was being cancelled as part of COVID-19 staff cuts. Fortunately CSB was able to count on our Compeition Advisory/Management Groups, including the ISEC and AGCC committees, to step up and get more involved in the operational side of the competition. So a huge thank you goes out to them.

Undoubtably the biggest thank you must go out to Russell Keyt and Sue Munday for taking on the admistration of the Men's Turf and CSBW competitions. Their professionalism and commitment has allowed CSB to continue to operate at the highest standards under the most difficult of circumstances.

As difficult a season as it has been, it has provided CSB with a look at the future and highlighted the need to reimagine our governance and operating models. The board is working hard behid the scenes to develop a model that retains the strong governance platform we have built whilst leverage the enourmous capacity of our volunteers It is also working on designing a financial model that allows for the employment of professional staff and provides security for CSB's future.

Adding to that excitement is the formal integration of ISEC and AGCC into the CSB family. Whilst both competitions have been part of the CSB mix for the last two seasons a formal vote held just this last week has formalised the arrangement. This vote was a clear message that we were able to deliver on our promise to put our participants at the centre of everything we do, and we look forward to the exciting possibilities ahead for our member clubs.

On a personal note this will be the last Annual Report I will present as Chairman as I will not be seeking re-endorsement from the board after the AGM. I have had the privilidge of leading the CSB family for the last 5 years and with such a strong team on the board it is time to hander over the reigns.

I will take this opportunity to thank a number of individuals who have made my time as Chair so fulfilling. To the current board and all board members that have come before them, I could not haver asked for a more dedicated and inspiring team work with. I would also like to thank Warren Griffin and Darren Anderson for their roles in creating the professional administrative environment we now all take for granted.

Chairperson's Report

Of course, nothing we have achieved would have been possible without the support of every member of the CSB family. So let me thank each and every player, volunteer, committee member and supporter for your trust during my term.

In closing I would like to wish each and every member of the CSB family all the best for the 2021/22 season. With a growing CSBW competition, a thriving senior men's section, along with the most innovative junior and girl's competitions in Victoria, the fun has only just begun.

Rod Kimmitt

Chairperson

Senior Men's Report

As we are all aware, Covid-19 has had a profound effect on almost all aspects of our lives, including the 2020/21 CSB's Men's Cricket Championship season.

With a late start, new rules for a Covid environment, a one-day competition and a change to the competition management structure, season 20/21 was always going to be one like no other. After much consideration, the decision was made for the 20/21 season to be run as a One-Day competition across all grades. With Government lockdowns and the public health advice provided, this was the only real choice we could make to ensure a fair and equitable season for everyone. I am extremely proud of the way we all adapted to the situation and pleased with the way the competition was undertaken.

I would first like to thank you, the clubs, for your support over the year. I fully understand that the season was a difficult one with many hurdles we had to navigate together. Thank you for all your efforts.

Next, I wish to express my sincere thanks to Darren Anderson. In his time with us, Darren was a key member of the CSB family and was an integral part of making CSB one of the best run competitions in Victoria. Darren has just completed his first year in his new role within CV and I wish him every continued success in the future.

Russ Keyt, our Men's Cricket Championship Administration Officer: a simple thank you isn't nearly enough for all the work that he has done for our competition. As I'm sure you are aware, Russ has worked tirelessly throughout the season to ensure that we produced the best possible competitions in the continually changing environment that 20/21 presented. With Cricket Victoria's decision to move Darren Anderson out of the role as our Cricket Administrator, Russ stepped in to fill the breach. Russ worked unbelievably hard in a new and unfamiliar role to ensure clubs experienced a well organised and structured competition. I can say without reservation that if not for his efforts, the season would not have run in the manner that it did.

Finally, I would like to extend my sincere thanks to my fellow members of the Board of Directors, the Competition Management Group members, grade Secretaries, Bomber Murray, Paul Jensen and all the other people that volunteered their time over the course of the season.

Congratulations to the clubs that triumphed in their goal to earn the title of Premiers in their respected Divisions. South Caulfield, Mordialloc, Clayton District, Bentleigh, Beaumaris, St Brigid's/St Louis, Bonbeach, Middle Park, Hampton and Port Melbourne all achieved the ultimate team success in Season 20/21 and all deserve to enjoy their fantastic achievement.

To all the other clubs in the Men's Cricket Championship, I hope you enjoyed the competition and I look forward to your feats next year. Also, congratulations to those players that were rewarded with individual honours this season, well done on your accomplishments.

Thank you to our umpires - key stakeholders in our organisation - for helping us over the course of the season. The coming year looks to be an exciting one for umpires with big changes being undertaken and the umpiring department remaining a key foundation of the competition moving forward.

I would also like to take the time to recognise our other important partners, those being the councils of Glen Eira, Bayside, Kingston, Monash and Port Philip; all of our sponsors; members of the club's executive and general committees; and all the individuals who volunteered their time to make CSB a shining light of the cricket community.

Next season (21/22) will be a pivotable one in our journey as we strive to be the best cricket competition possible. We will introduce a new administration and finance model, develop an Umpiring Management Group, complete the coming together of ISEC and CSB to form our own junior competition and make many other refinements across the competition.

I look forward to working with you all to make sure season 20/21 is our best season to date.

Regards

Paul Glew Director – Men's Cricket Championship

Senior Women's Report

The Cricket Southern Bayside Women's Competition (CSBW) had another year where growth was the key success. With teams joining from Mackie, Old Haileybury, Richmond Union, East Sandringham, Kingston Heath and Washington Park the competition was able to move to 3 divisions with 20 teams.

All players, officials, volunteers, umpires and administrators of our competition are to be congratulated for the amazing spirit, flexibility, positive attitude and camaraderie that was shown throughout our shortened, and sometimes interrupted season. Each and every team was able to deal with lockdowns, rain, heat and fixture difficulties with the greater good of the competition and other teams as the primary concern.

It was fantastic to see this attitude on the somewhat damp Grand Final day and all players should be commended on a wonderful day. Congratulations to our Premiers for an outstanding season

Mackie Cricket Club – Division 3 Bentleigh Cricket Club – Division 2 Parkdale Cricket Club – Division 1

At CSBW, we pride ourselves on providing women and girls an opportunity to play cricket where they otherwise may not play. The "boutique" rules, designed for and by the players, reflect the growing skill and competition level of the players and teams. With more growth each team will be able to compete against others of a similar skill level, to gain confidence and enjoyment in their cricket.

With hopes for a more "traditional" season of cricket in season 2021/22, once again CSBW will experience this growth with at least 3 clubs considering entering teams and existing clubs entering additional teams(s). There are now so many pathways for girls and women to play cricket, and CSBW is so proud to be one of these opportunities to share the game we love.

A huge thanks to the CSBW Advisory group for all their invaluable work over the season Claire Arbuthnot
Andrew Bath
Ros Batson
Tracey Fletcher
Rhiannon Robinson
Sven Samild

And to our administrator Sue Munday for all her fabulous work

Thanks to all for a wonderful season in 2020/21 and we look forward to bigger and better in 2021/22

Penny Callaghan

ISEC Report

I am proud to present this President's report for season 2020/21 to our affiliated Clubs, Life Members, past and present players, sponsors, parents, volunteers and supporters of Inner South East Cricket (ISEC).

What an astonishing 12 months we have been through. We should be grateful we got a season played through all of the Covid related issues, and we have a lot of people individually to thank for that – from CA/CV through to the parents who happily allowed their kids to play each week. Our Club volunteers carried most of the burden and did it with commitment, grace and spirit, and I would like to think that is a big reason why we had the 'happiest' season we have had in a long time. Well may that spirit continue.

I would like to acknowledge the Committee who supported ISEC and the AGCC in its 119th competition season and thank them all for their tireless work and dedication throughout. The Committee consisted of the following people;

- Tom Facey Secretary
- Peter Ciavarella VMCU Delegate, Junior Representative Coordinator & Vice President
- Ros Batson and Sven Samild Co-Chairs All Girls Cricket Competition
- Greg Hansen –Competition
- Ganesh Desai Umpires Coordinator
- Brendan Smith Competition
- Phil Burns Child Safety Officer
- Shaun Prescott Competition & Sponsorship

20120/21 was been the second season for ISEC integrated under the administrative overlay of Cricket Southern Bayside (CSB). I would like to thank all at CSB, in particular lain Giles, Rod Kimmitt & Graeme Cunnington, for ensuring the decision to integrate with CSB was the right one. The final vote to make that permanent is to be held for ISEC Clubs on Wednesday 21st July 2021.

The key reasons for integration as originally outlined were as follows:

"The approved integration will address the challenges our sport and Clubs face, although not all are immediate ISEC/AGCC issues, which include;

- Stagnant Player numbers
 - o Dedicated staff and resources have been allocated across our region to assist Clubs with player growth, including;
 - Participation Officers to work with schools, Cricket Managers to improve Club to School recruitment opportunities and Club Officers to work with Clubs
- Club Welfare & Financial Stability
 - Dedicated Cricket Managers and Club Officers will work with Clubs on governance, systems (MyCricket), policies and procedures
 - Cost efficiencies through reduced duplication and improved systems
- Local Government Authority (LGA) relationships / Facility quality & accessibility
 - o Area Manager & Cricket Managers will assist Clubs on facility development to LGA / State & Federal Government
 - o CSB will offer a single voice to LGA's rather than 2-3 associations with differing demands
 - o Dedicated resources to work with Clubs and LGA's
- Umpire Quality & Retention
 - o CSB Operations Manager will coordinate (in conjunction with umpire managers) umpire ratings/education/promotion and recruitment
 - o Increased opportunities for umpires to earn and learn via access to additional competitions
 - o Improved pathways for umpires to higher levels
 - o A larger pool of umpires creates greater opportunities for collegiate support
- External threats
 - o Be a sport that is easier to engage with by providing a structure that is understood
 - Provide increased opportunities for players to be involved their way
 - o Develop united strategies for participation recruitment and retention e.g.' Indoor Cricket'

As we noted last year, the only real issue in delivering on all the outcomes above was the Cricket Victoria decision to take 75% of the staff out of Community Cricket. Fortunately. the combined administrative and financial strength of ISEC/AGCC/CSB, and the support of some outstanding clubs and club administrators, meant we have managed to shoulder the additional burden and thrive.

ISEC Report

Our focus needs to remain firmly on doing what we do well – delivering an enjoyable experience to every player from every club in a way that makes them feel supported, such that their cricket experience is a positive one, allowing them development as a player and fun with their friends. If we do that, we will generate parental support and enthusiasm for the game. In the past season, over 4000 boys and girls participated in playing cricket across our Competitions including the AGCC.

- 220 teams played in the 23 Home & Away competitions we were able to add 3 new competitions named after ISEC Club legends John Russell, John Doig and Duncan Goode.
- Over 1000 kids played in Master Blast programs run by ISEC Clubs,
- 150 girls and boys played representative cricket for ISEC across 11 teams. We added 2 teams this year as a result of CV abandoning the YPL concept for 2020/21

We thank the work all our affiliated Clubs do throughout the year to promote cricket, and specifically acknowledge the volunteers within those Clubs who are the back bone of ensuring community cricket continues to survive and provide boys and girls the opportunities to play. As more clubs put teams into our competitions, we are blessed with an even greater bench strength of volunteers.

This year ISEC fielded 11 Representative Teams in the January VMCU carnival, winning both the U18 Cathryn Fitzpatrick Shield and the U18 Phil Arnold Shield, a reflection of the strength of our junior competition at the higher age groups. I would like to thank our Representative Coordinator, Peter Ciavarella, and our fantastic group of coaches and team managers for their delivery of an outstandingly well conducted program that provided all boys, girls and parents an experience I know (almost) all enjoyed.

Financially ISEC has had a strong year, with the substantial assistance of CSB. Revenue remained similar with no fee/affiliation increases, and we were able to run our representative program at just short of break even, whilst paying some excellent coaches and providing a strong level of support.

I would like to again thank our major sponsor Kookaburra Sport. Their continued support has been invaluable and has enabled us to;

- Dress our representative teams in a professional manner,
- Increased the level of coaching support for our Representative teams.
- Provide equipment to all clubs
- · Secure good quality balls at excellent pricing

I would urge all ISEC affiliated Clubs to ask Kookaburra Team Apparel about what they can do for you when ordering for next season.

We have a very strong contingent of umpires, who under the guidance of Ganesh Desai have helped us through a difficult administrative season well.

Finally, to Mount Waverley who were winners of ISEC Club of the Year, and to East Malvern Tooronga who were first time winners of Best Administered Club, our heartiest congratulations. It was an enormous year for Mount Waverley who were awarded the Cricket Victoria Community Club of the Year. ISEC was runner up as Community Association of the Year, a significant achievement.

The role of the Committee is to leave the Association in a better position than it found it and I believe we have continued that journey again this season. This was a season when if we had not been resolute in our desire to play a quality season, and strong in our commitment to doing so safely, we could have let a lot of people down across the state. We will continue to work with our affiliated Clubs and cricket stakeholders to strive to provide a cricketing experience for both boys and girls to develop, maintain and grow their love of cricket.

I look forward to your support and engagement in the coming season. Yours sincerely,

Tim Boyce President – Inner South East Cricket

AGCC Report

The All Girls Cricket Competition (AGCC) had another outstanding season despite the impact of Covid-19 on sport and the wider community. Due to the pandemic, the season started 6 weeks later than usual as we had to allow time for teams to plan and train after a significant Victorian lockdown. We also lost out on a round due to a snap lockdown in February.

Despite the challenges that 2020/21 threw at us we still grew significantly and managed 13 rounds of cricket for the majority of our competitions. Well done to all the Clubs and teams on the way they handled the CovidSafe protocols, were flexible with the way we played, and did everything they could to have our juniors be able to take the field. After a stressful year of schooling from home and being locked down, it was wonderful to have our communities outside together. We look forward to another successful season in 2021/22 knowing that we can now handle anything that comes our way.

The Competition

57 teams participated across 26 clubs with just over 500 players from clubs (who have their other junior teams in SECA and/or ISEC). This is an increase of 16 teams from the previous season. Official numbers show that we have 108 more players this season than last season.

We continued with the Libby Nicholls and Annabel Sutherland Cups for the 13&U Stage 2 and 16&U competitions as it had been extremely well received the previous season. The competition continues to work with the issue of discrepancy in the abilities of the players creating an almost two-tiered structure within each of the Stage 2 age groups. Having the 5th - 8th teams to play off for a Cup gave them more games of cricket, something to aspire to, as well as the opportunity for the Competition to recognise two individuals.

The AGCC was excited to add an U18 competition in 2020-21. The AGCC felt it was important to establish the transition style competition which could act as a bridge between the current AGCC grades and participation in Women's Community Cricket or the Cricket Southern Bayside Women's competition. It is important to consider the context within which our junior players participate.

- 1. As they complete year 11 or 12 exams, at a very busy time in their lives, this competition has the potential to keep them in the sport, connected to their peers and provide a physical outlet. Once they finish secondary school they are more likely to take up the option of WCC or the CSBW when they can commit to a full season.
- 2. We have identified the importance of the players being able to participate in junior level competitions as long as possible before playing 'seniors'. There has been much discussion as to what is an appropriate age for young girls to be exposed to a more senior environment.
- 3. In addition, it provides a more competitive environment for those younger players who are looking to advance their skills and play at a higher level.
- 4. An unexpected benefit exists for those players who participate in Premier cricket who may not be at a standard where they are getting significant time batting or bowling relative to other players in their teams. This U18 competition ensures they can continue to have the participation and experience necessary for their development.

The Competition was exceptionally well received and the game play was at a very high standard. It is brilliant that we can keep girls playing sport and more importantly, cricket.

Competition Premiers 2020-21

U18 Premiers - Glen Waverley CC
16& Under Premiers - Glen Waverley CC
16& Under Libby Nicholls Cup - Kingston Heath/East Malvern Tooronga CC
13& Under Premiers - Washington Park/Carnegie CC
13& Under Annabel Sutherland Cup - Le Page Park CC

Representative Cricket

A significant number of players were involved in Representative Cricket during the season in the VMCU Carnival U12, U14, U16, U18 (for ISEC, the DDCA and SECA). The U12, U14 and U18 premiers comprised players from within the AGCC. The AGCC players demonstrated the importance of having a strong junior competition from which to draw representative players.

AGCC Report

We also had a number of players represent Victoria in different competitions in the U16 and U15 age groups.

Grant Spending

The AGCC received grant money from VicHealth specifically for keeping girls in sport. The money was used for a 'Forum' which was delivered at the end of the season. Guest speakers included:

Dr Kate Webster - Professor, College of Science Health and Engineering, La Trobe University Dr Jodie McClelland - Discipline Lead for Physiotherapy, La Trobe University Anna Rogacki - Mindset Coach, Walker Coaching Annabel Sutherland - AGCC Alumni, Melbourne Stars, Australian Cricketer Nicole Faltum - Melbourne Stars

The event was well attended and well received. The key messages were:

- how to physically condition yourself for cricket
- developing the mental skills to reach your full potential
- hear stories of how others have juggled school and elite sport

The AGCC is committed to providing similar events into the future.

In collaboration with CV and the CSBW, we advertised a female only Level 1 Community Coaching course. We are keen to develop a cohort of female coaches for the years ahead. Approximately 20 players attended the course which was run by Catherine Fitzpatrick.

We also endeavoured to run an Umpiring Course for females, however, did not get the take up that we would have liked and the event was postponed. We will continue to promote this as a pathway for players.

General comments

With growth comes things to be mindful of. Firstly, would be ensuring that new coaches are aware of the principles that underpin our competition - collaboration, fun, player development in an encouraging and engaging environment. Secondly, ensuring an adherence to the rules regardless of what they might do within other junior competitions at their clubs. The AGCC committee is thinking through a "welcome pack" for new coaches and team managers.

There have been a few reminders necessary regarding the rules as there are coaches who are taking liberties and need to be reminded to play in the spirit of the competition. This is an ongoing situation and is being managed as best as possible.

As per previous years, the AGCC will review the rules at the Annual Planning Day and discuss any changes. Topics at this stage are:

- Managing 9 a side teams when you have 11 players
- Confirmation of LBW for 13&U and 16&U Stage 2
- Finals qualification

Recognition

The AGCC Committee is to be commended on their efforts in ensuring the smooth running of the competition and keeping the intention of the competition front of mind at all times. Thank you to Sven Samild, Hannah Bailes, Ash Ventura, David Shephard and Joel Rembach for their tireless work and commitment to the competition. Every one of the committee members are currently coaches of an AGCC team as well as having positions within their own Clubs. Finding time to dedicate to the AGCC obviously comes from a drive for something greater than themselves. Truly remarkable individuals.

We would like to make a formal mention of Sven Samild who has officially stepped down from the position of Co-Chair of the AGCC. Sven has given three seasons to the AGCC and has been instrumental in ensuring the playing experience continues to be a great one for our amazing players. Sven has been heavily involved in the representative cricket process for the ISEC and SECA players and will no doubt continue to do so. We wish him well with his volunteer work at Soccer Victoria and know they will benefit from his professionalism, critical thinking, care and passion.

lain Giles, Tim Boyce and Tom Facey need to be recognised for their ongoing support of the AGCC and passion for its growth. They also provide invaluable expertise in relation to competition rules and management.

AGCC Report

Emma Gallagher of Cricket Victoria was tireless in her endeavours to support the AGCC as part of her region and continues to be a key contact at CV aligned with the aspirations of the competition.

Thank you to Darren Anderson - Operations Manager for Premier Cricket at CV. Darren provided advice from time to time on such things as fixturing, playing dates and working through the impact of Premier 3rds, despite no longer being the CSB Operations Manager. His agreeable nature and direct communication style was greatly appreciated and we are disappointed that he is no longer part of the CSB Team. Thanks Darren!

Finally, thank you to all the clubs, coaches, and team managers that make our competition tick. We have strong relationships with the majority of the coaches and appreciate the time and effort they contribute. The competition only succeeds because we do it together.

And, of course we all do it for the players because they deserve our efforts.

To all the players in the AGCC, we hope you enjoyed your season of cricket, achieved a personal best and are looking forward to the next one. We certainly are.

Rosalinda Batson Chair All Girls Cricket Competition Board Director - Cricket Southern Bayside

Indoor Report

Umpires Report

Saturday November 14 was a significant date in the short history of CSB. The commencement of an unprecedented season for players, umpires and administrators.

Umpires had to be agile, flexible and resilient. Availability to officiate was the major obstacle we had to deal with throughout the season. In January 2021, we experienced only 14 umpires out of a panel of 29 available for allocation. This led to an advertising campaign for 'club' umpires resulting in the recruitment of eight candidates, topping up the panel.

Congratulations to new recruit Jack Lourie, who was awarded an iGODirect scholarship for the season. Jack performed his duties extremely efficiently. Previous scholarship winners Claire Haysom and Tom Negri stood in Championship Division games for the first time. Sri Velamur deservedly also experienced the top flight with excellent performances.

Cliff D'Souza reached the milestone of 750 games. An outstanding achievement.

Training and development meetings were held via zoom and though well attended lacked that personal touch vital to one-on-one communication.

The final two meetings of the season were able to be held at the Bentleigh Cricket Club. Umpires appreciated the face-to-face contact prior to vital last rounds and finals.

Thanks to the Men's Turf Competition Advisory Group for their support during 'the season like no other'

Paul Jenson Umpires Manager

FINANCIAL REPORT FOR THE YEAR ENDED 30 APRIL 2021

Directors' Summary Financial Report

Consolidated Financial Statements

Consolidated Statement of Financial Position
Consolidated Statement of Profit or Loss
Notes to the Consolidated Financial Statements

DIRECTORS' SUMMARY

The directors of Cricket Southern Bayside submit herewith the financial report for the financial year ended 30 April 2021. To comply with the provisions of the Corporations Act 2001, the directors report as follows:

The names and particulars of the directors of Cricket Southern Bayside during or since the end of the financial year are:

Name	Board Tenure	Term Expires
Rod Kimmitt	5 years	2023
Penny Callaghan	4 years	(appt)
Graeme Cunnington	5 years	2022
Paul Glew	5 years	2022
Meghan Mayman (resigned in April 2021)	3 years	
lain Giles	3 years	2021
Peter Fitchett	1 year	(appt)
Rosalinda Batson	1 year	2023

The above named directors held office during and since the end of the financial year.

Directors Meetings

The following table sets out the number of board meetings held during the financial year and the number of meetings attended by each director (while they were a director). During the financial year seven meetings of the Board we held.

Director	Board Meetings				Board Mee	
Director	Held	Attended	Apology			
R Kimmitt	9	9	-			
P Callaghan	8	8	-			
G Cunnington	9	8	1			
P Glew	9	8	1			
I Giles	9	7	2			
M Mayman	7	6	1			
R Batson	9	8	1			
P Fitchett	8	8	-			

It gives me great pleasure to present the financial report for season 2020/21 for Cricket Southern Bayside. While we were able to complete the regular season with minimal impact from COVID-19, we, like most organisations were impacted by the pandemic. While we were able to hold our annual presentation night, other events including white ball finals, T20 competition and senior representative cricket were not held. Operating costs were also impacted by the CV decision to discontinue operational support.

For the year ended 30 April 2021, Cricket Southern Bayside delivered a surplus of \$33k from income of \$475k and expenses of \$442k, an increase of \$9k above last season. The results include the full integration of the ISEC/AGCC competitions including bringing their umpire payment process inline with CSB. The increase in result was assisted by COVID assistance grants, higher ball sales and our annual presentation night. The accounts are presented as unaudited.

Revenue for the period was \$475k, (FY19 \$409k), up \$66k. Key revenue items included:

- Equipment sales \$169k, up \$27k reflected higher sales from Clubs, noting ISEC/AGCC were up \$20k from previous year due in part to one day competition.
- Umpire fees were \$106k, up \$20k but noting revenue related to ISEC was \$30k. The underlying movement reflects lower senior umpire numbers (same as prior year). This continues to be a major challenge for CSB and cricket in general.
- Registration fees include; team affiliations, representative player fees and indoor match fees \$94k, up \$9k mainly due to increased junior representative teams partially offset by no indoor cricket (offset in match expenses).
- Sponsorship & Royalties were \$82k, down \$7k mainly due to impact of COVID. I would thank our sponsors; Kookaburra through provision of equipment, Knight Sports, Bentleigh RSL and Garrleigh Trophies for their ongoing support.
- Grants included \$9k for COVID related assistance and \$3k for AGCC used to fund the AGCC Cricket Development Workshop.
- Other items include; Events \$7k being presentation night and fines \$4k, down \$2k on previous year.

Expenses were \$442k (FY19 \$384k) up \$57k. Key expense items were:

- Cost of sales of equipment and balls were \$164k, up \$24k reflects higher ball sales (offset with Equipment and ball sales above).
- Umpire Payments \$118k, up \$19k due to ISEC umpires as outlined above
- Honorariums included junior representative team coaches and honorary positions \$54k, up \$27k due to higher junior representative coaches due to increased teams, increased grade secretary payments and higher admin support costs.
- Equipment \$36k, down \$5k which included Kookaburra club kits and balls provided to Clubs.
- Apparel \$30k, up \$5k due to increased junior representative teams, umpires apparel offset by no senior representative cricket.
- Trophies \$11k, down \$4k reflecting no white ball finals and T20 competition.
- Match expenses include costs for staging finals \$11k, down \$5k mainly due to no indoor competition (offet in registrations).
- Administration Costs \$9k were at similar level while Finance cost increased with more credit card payments.
- Event costs \$7k, reflected annual presentation night, not held last season.
- All other expenses were lower reflecting reduced activities.

The balance sheet continues to build with Net Assets now at \$122k. Cash at bank remains steady at \$75k, match ball stock \$11k, receivables of \$59k and payables are \$22k. At the time of writing, receivables were down to \$9k.

Overall, this has been another good financial result for Cricket Southern Bayside and stands us in good stead as we move into the next phase for Cricket Southern Bayside. We have seen benefits of scale as we progress the integration with ISEC/AGCC. I would like to congratulate ISEC/AGCC who last week voted unanimously to formalise the transfer of the Association to Cricket Southern Bayside. I thank them for their commitment and leadership to reach this important milestone.

I would acknowledge the effort of the operational teams across CSB, ISEC and AGCC for their assistance throughout the year. In particular I would thank Paul Glew, Russ Keyt, Warren Griffin, Tom Facey, Tim Boyce, Ros Batson, Penny Callaghan, Paul Jensen and Ganesh Desai.

Finally to our Volunteers, my fellow Board members and our Clubs, thank you for your continued support.

Graeme Cunnington Finance Director

Notes to the financial statements for the period ended 30 April 2021

1. Statement of significant accounting policies

a) Statement of compliance

The committee has determined that the incorporated association is not a reporting entity because there are no users dependent on general purpose financial statements. The financial report is a special purpose financial report which has been prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Reform Act 2012*. These financial statements have been prepared in accordance with following Australian Accounting Standards:

AASB 101 Presentation of Financial Statements

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 1048 Interpretation of Standards
AASB 1054 Australian Additional Disclosures

b) Basis of measurement

The financial statements have been prepared on an accrual basis and are based on historical cost and do not take into account changing money values except where specifically stated.

2. Statement of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

c) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Although there are no reported values associated with plant and equipment, it follows that any Plant & equipment will be measured on the cost basis less depreciation and impairments losses.

The carrying amount of plant and equipment is reviewed annually by the committee members to ensure that it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Depreciation

Although there are no reported values associated with plant and equipment at cost, it follows that the depreciable amount of all fixed assets, excluding freehold land will be depreciated on a straight-line basis over the asset's useful life to the association commencing from the time the asset is held ready to use.

The depreciation rates that will be used for each class of depreciable asset are:

Plant and equipment 20% Motor vehicles 25%

The assets' residual values and useful lives will be reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount will be written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals will be determined by comparing proceeds with the carrying amount. These gains and losses will be recognised immediately in profit and loss.

When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

d) Impairment

At each reporting date the committee assesses whether there is objective evidence that a financial instrument has been impaired. If any such indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

e) Income tax

The association is a not-for-profit organisation and is exempt from income tax under section 50-45 of the *Income Tax Assessment Act 1997*.

f) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits, held at call with banks, other short-term highly liquid investments with original maturities cash within three months.

g) Revenue

Revenue is measured at the fair value of the consideration received or receivable. Donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

h) Inventory

Inventory held for sale are measured at the lower of cost and net realisable value.

i) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of an asset or as part of an item of expense. Receivables and payables are stated inclusive of GST.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in income in the period in which they are incurred.

k) Trade creditors and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days on recognition of the liability.
